

Wahlpflichtunterricht Jahrgangsstufe 9 2021/22

Economic Globalisation (bilingual)

Kursleiterin: Frau Bächle

Where does your food come from?

What kind of music do you listen to?

What technology do you use to play your music? Where does it come from?

Do you know where your shoes were produced?

Well, you might think I am just a student at the AMS,

I live in Viernheim what does globalization have to do with me?

We will be looking at the history of global trade as well as its future, its dimensions and how to measure global integration. We will explore global players and their interests, yet additionally we will look into non-governmental organizations and their goals.

If you

- like English
- are interested in economic topics
- enjoy discussing social questions and current affairs

join us!

Not only will we learn about far away places like Asia or Africa but what difference globalization can make locally too.
